Why are we your natural choice?

1. Because our Service is unique

Soteco International is unique in its broad range of products and services for the marine and power industries.

Soteco manufactures and distributes spare parts for Oil Purifiers, Plate Heat Exchangers, Fresh Water Distillers, and Lube Oil and Fuel Oil Filters, as well as complete reconditioned separators, bowls for separators, and ancillary equipment for separator automation.

Through its experienced technical service engineers, Soteco can provide both remote technical assistance as well as practical support by performing routine maintenance services or troubleshooting on **any brand** of equipment, as well as inspections offering valuable guidance and recommendations to get the most efficient and cost-effective operation from your equipment.

Soteco technical service team operates from fully equipped workshops in Italy and Singapore, and can satisfy customers' needs onboard and onsite, wherever required.

2. Because our Presence is outstanding

WE ARE WORLDWIDE: Soteco resources are in key locations globally, to support customers wherever and whenever. There are fully equipped facilities and customer support teams in both Italy and Singapore, complemented by a worldwide network of sales channels to provide even broader coverage and local assistance.

WE ARE PROFESSIONAL: Soteco is always developing and improving its knowledge, processes, skills, and competences to provide high-quality, cost-effective products and services while maintaining integrity and high ethical standards.

WE ARE RELIABLE: Soteco is a trusted business partner. Its services and spare parts are first developed, tested, and proven over many years to ensure the reliability of the equipment they serve. Soteco's dedication to customers' satisfaction makes them confident in the company's ability to ensure that they will get the most out of the products and services purchased.

WE PROVIDE PEACE OF MIND: Soteco organization is geared to support its many and diverse customers to focus on their businesses with the assurance that they will receive the best support to help them accomplish their objectives. Running smoothly and cost-efficiently. Providing competitiveness.

3. Because our Quality is supreme

The 'Seal of Quality', proudly displayed on all Soteco products, demonstrates the company's commitment to upholding the highest quality standards with its operations and activities, whether it's manufacturing spare parts at its facilities in Italy, servicing, repairing or reconditioning products. The manufacturing unit is fully equipped with the latest CNC machining systems and the warehouse is fully automated.

Soteco International DNV-GL certifications confirm and reinforce Soteco reliable processes and compliance with the strictest safety, environmental and quality standards across its entire business.
